

## UN SUSTAINABLE DEVELOPMENT GOALS (SDGS) ALIGNMENT 2021

Array Technologies is committed to sustainable development and advancing the UN Sustainable Development Goals (SDGs) through our business. As a leading solar hardware manufacturer, we believe our business has unique contributions to many of the UNSDGs. Based on our current ESG strategy and reporting, we feel we are well aligned to contribute to the following SDGs:

### 7. AFFORDABLE AND CLEAN ENERGY

Our technologies enable solar energy development and optimization, increasing access to energy and reducing costs.

### 11. INDUSTRY, INNOVATION, AND INFRASTRUCTURE

Our technologies support industrial-scale solar development that are efficient, resilient, and cost effective.

### 9. RESPONSIBLE CONSUMPTION AND PRODUCTION

Our technologies are produced with highly recyclable materials and post-consumer recycled content when possible. Likewise, we are committed to managing our corporate waste impacts through recycling and reuse of all materials.

### 12. CLIMATE ACTION

Our technologies enable industrial-scale solar development to further the renewable energy transition. Likewise, we are committed to managing our corporate climate impacts.

### 15. LIFE ON LAND

Our technologies are designed to enable biodiversity on solar sites and improve wildlife outcomes, including herbaceous vegetation and animal habitat protection.

This report contains forward-looking statements that are based on our management's beliefs and assumptions and on information currently available to our management. Forward-looking statements involve risks and uncertainties, which may cause results to materially differ from those set forth in the statements. The forward-looking statements may include information concerning our projected future goals, results of operations, business strategies, and industry and regulatory environment. Forward-looking statements include statements that are not historical facts and can be identified by terms such as "anticipate," "believe," "could," "estimate," "expect," "intend," "may," "plan," "potential," "predict," "project," "seek," "should," "will," "would," or similar expressions and the negatives of those terms. Forward-looking statements should be evaluated together with the risks and uncertainties that affect our business and operations, particularly those described in more detail in the Company's most recent Annual Report on Form 10-K and other documents on file with the SEC, each of which can be found on our website [www.arraytechinc.com](http://www.arraytechinc.com). Except as required by law, we assume no obligation to update these forward-looking statements, or to update the reasons actual results could differ materially from those anticipated in these forward-looking statements, even if new information becomes available in the future. Topics that may be deemed material under the SASB Standards and/or the GRI Standards are not necessarily material for purposes of the U.S. federal securities laws or for other purposes. For additional information on the SASB Standards and the GRI Standards, please visit their respective websites. Certain of the data contained in this report is based on assumptions and estimates. Actual results may differ from the data presented.
